Public Relations – Content Creation

Job description

The activities and successes of our team have to be communicated. In order to attract new supporters, retain existing ones and keep our supporters and friends up to date about us, a high-quality external presentation is important.

As part of the marketing team, you will collect photo and video footage of our vehicles, manufacturing and events and prepare and edit them for publication. There are no limits to your creativity and you can contribute new ideas and concepts at any time.

What will be your tasks?

- Photo and film documentation of the team in everyday life and at the competitions.
- Photo and video editing of the collected material
- Creating renderings from the CAD models of our race cars
- Collaboration in cross-group tasks (e.g. testing, manufacturing)
- Participation in group and team meetings

What are our requirements?

- Experience in the field of film and photo and own equipment are an advantage
- Experience in photo editing
- Ideally access to Adobe design programs or similar.
- Creativity and self-initiative
- Independent, structured and organized way of working
- Willingness and dedication to the project

If you are interested, please fill out the application form on our homepage.
We will give you feedback on your submission as soon as possible.
